

## Cooperative Parent Snack Program

At Real Kids Preschool, we offer a cooperative parent snack program. This program requires each student's family provide a class snack on designated days. Each month parents will receive a calendar that lists the specific snack items and the date they need to supply the snack. Each student will have the opportunity to be snack helper and line leader on their snack day. In order to uphold the expectations of the Arizona State Licensure, it is important that parents follow the snack calendar precisely and bring the items listed.

If it is your child's birthday and you would like to bring a special treat, the item must be store bought and will be given out in addition to the snack for that day. Please tell your child's teacher what you are bringing and what date the treat can be expected. We do not allow home baked goods per licensing standards, nor do we allow candles to be lit in the classroom. **Lastly, it is necessary that all juice be 100% fruit juice and we do not allow peanut products or peanut butter products due to the high rate of peanut allergies among students today.**

***\*\*If you forget to bring your snack on your designated day, we ask that you bring a non-perishable item to restock our pantry.\*\****

Thank You for your cooperation.

We are looking forward to another successful school year.
